

Technical Data Sheet

Product Description:

ProNature Leather Polish is the perfect treatment for all leather items like shoes, clothing and furniture. Made from happy bees' wax and essential oils and has a gentle scent to it.

Ingredients:

Linseed Oil, Beeswax, Carnauba wax, Essential Oils.
TVOC (total volatile organic content) = 600.62 g/litre

Colours:

clear

Surface Preparation:

- ✓ Remove all dirt or dust

Application:

Product is ready to use.

- ✓ Apply 1 – 2 coats (depending on the leather) using a soft, lint-free cloth, i.e. [ProNature Mutton Cloth](#).
- ✓ Use product sparingly. Really! "Less is More".
- ✓ Allow product to draw into leather for 2-3 minutes.
- ✓ Remove surplus with a clean piece of soft cloth

Coverage:

Approximately 0,020 L/m²
0,020L = about 4 tea spoons

Care & Repair:

Re-apply ProNature Leather Polish when surface appears dry and lustreless.

Storage/Shelf life:

Store in a cool and frost free place.

Minimum stability 12 month in closed container. Ensure container is tightly closed to avoid product drying out!

Disposal:

Please recycle empty container.

Package Sizes:

400ml

Safety:

Natural ingredients may cause allergies. Use only as directed. Store out of reach of children. Supervise children during use.

General:

The above information given is intended as a guideline only. Since this product is used outside of our control, ProNature cannot be held liable for any loss or damage whatsoever relating to the application or surface it is applied to. We reserve the right to change specifications at any time and without prior notice.
