

## Technical Data Sheet

### Product Description:

ProNature Wood Reviver Kit is an easy 2-step system specially formulated to clean and restore greyed and weathered wood to its former beauty, effortlessly. No sanding, no pressure washing! Just clean then treat.  
Content: ProNature Wood Cleaner & ProNature Wood Reviver.

### Ingredients:

ProNature Wood Cleaner: Water, Potassium soaps,  
ProNature Wood Reviver: Water, Fruit acids, Mineral acids.

### Surface Preparation:

Clean surface of loose dirt. Scrub with a stiff bristle brush to remove intense dirt such as algae etc.

### Application – Step 1:

**ProNature Wood Cleaner** is ready to use. Do not dilute.

- ✓ Moisten wood.
- ✓ Apply ProNature Wood Cleaner by using a sponge or cloth.
- ✓ Allow product to draw into wood for 2-3 minutes.
- ✓ Use stiff short-bristle brush or scrubbing pad if necessary.
- ✓ Rinse with clean water.

Severely dirty or weathered wood may require a second treatment until wood shows its natural colour and grain. If sanding is required, this should be done before application of ProNature Wood Reviver.

### Application – Step 2:

**ProNature Wood Reviver** is ready to use. Do not dilute.

- ✓ Allow wood to dry lightly
- ✓ Apply ProNature Wood Reviver by using a sponge or cloth (we recommend to use rubber gloves)
- ✓ Allow product to penetrate for at least 5 minutes.
- ✓ Rinse thoroughly with clean water.

The original wood colour will be restored.

### Note:
